

Rides

This year's newest attraction!

This venomous, one-of-a-kind thrill ride strikes fast with twists, rolls and a 360-degree heartline spin that delivers negative g's! The steel thriller coils around an eerie and desolate southwestern ghost town where the **VIPER** can strike at any moment. **VIPER**® - it's a cold-blooded thriller!

Six Flags offers a spectacular line-up of world-class thrill rides for the entire family. Answer the call to **BATMAN**® The Ride or take a heart-pounding ride on **The Great American Scream Machine**. Hop on board **THE RIGHT STUFF Mach 1 Adventure**, a supersonic flight simulator that lets you break the sound barrier without ever leaving the ground! If you're not that brave, but still want some excitement, try the Runaway Train, Log Flume or Parachuter Training Center Edwards AFB Jump Tower. If you're looking to relax, try the Carousel, Sky Ride or the 150-foot Big Wheel. There's a ride for everyone at Six Flags.

And don't forget to cool off during the dog days of summer by splashing around in **Adventure Rivers**® - 15 acres and 2 million gallons of fun. The entire family can enjoy water rides such as Congo Rapids and Irrawaddy Riptide, and younger kids can have a splashin' good time exploring Koala Canyon.SM

PLEASE NOTE: During the spring and fall, some Adventure Rivers® attractions may not be available due to cool weather.
