GO CUSTOMFRESH - GO MICRO MARKET VENDING

## Take care of your employees, so they can take care of business

Employees crave tasty, good-for-you, grab-and-go food that fuels them for the hours ahead and fits their busy schedule. You want your employees to be happy, healthy, and productive. CustomFresh micro market vending meet their needs—and yours—by providing nourishing, locally-sourced, fresh food and beverages available 24/7 in onsite kiosks. Winner winner, chicken dinner!

### HEALTHY OFFICE SNACKS, DRINKS & MEALS

Unlike some micro market vending companies, we don't sell products based on manufacturer incentives to push their high-calorie, nutrient-poor products. Instead, we believe your employees should have a say in what they can buy in their workplace to eat and drink. To keep our micro market kiosks stocked with the things your team craves, we'll regularly survey your staff to find out what they like in their micro market kiosk and host fun product sampling events on-site. (Can you say healthy happy hour?) Of course, we'll carry mainstream standbys, too. We'd never deny somebody their peanut M&Ms® and Mountain Dew®.

### What kind of food does CustomFresh dish up?

- **Nourishing:** Get tasty, nutritious food (think hearty grains, dark leafy greens, and healthy fats) for a quick healthy food snack, hearty lunch, or hold-me-over-till-dinner treat. In our micro market kiosks, you can choose from wholesome, better-for-you items that are low in salt and sugar and high in fiber and added vitamins. Also, check out our popular FitPick™! will get a list together options (smart choices with lower calories, fat, sugar, and sodium), such as organic dairy, snack bars, and salads.
- **Locally sourced:** We tap into the abundance of fresh produce, local brands, and hand-crafted foods available right here in the Bay Area to deliver seasonal goodies from area farmers and made-with-care treats from local culinary artisans. From coffee to sandwiches to baked goods and more, we seek out the stuff your employees know and love (like Hint water and Philz coffee) and bring it right to your office.
- **Fresh:** We deliver a fresh supply of healthy food options every week (or every day if you need it), keeping your micro market vending machine inventory stocked with team faves, like ready-to-eat sandwiches, salads, fruit, veggies, and dairy.
- **Diet-Sensitive:** With different tastes, lifestyles, and health needs, a one-size-fits-all food market just won't cut it. Need organic options for Manuel in marketing? Got it. Alicia in accounting is vegan? Check. Paul wants Paleo? No problem. CustomFresh micro market vending caters to any dietary need, including ketogenic, gluten-free, and more. Just ask and we'll get right on it!
