

Why CustomFresh?

ACCESS TO FRESH, HEALTHY FOOD, 24/7

Business is no longer a 9-5 thing, so why should your food service be? Around-the-clock access to healthy food means supporting employees when they need it most, whether it's a working lunch, a mid-afternoon snack, or an all-night sprint.

FOOD THAT FUELS

Some markets (and most vending machines) offer carby, sugar-laden snacks and meals that leave people crashing in an hour; or tasteless products that just don't appeal. With us, you get the whole package: delicious food that nourishes and sustains, keeping employees happy, healthy, and productive.

CUSTOM MARKET DESIGN

We'll work with you to create a market that suits your office space, company culture, and brand. Come with lots of specific ideas, or none at all. We've got you.

EXTRAORDINARY SERVICE

Once your market is up and running, we'll keep working to make sure it really delivers. We'll keep up-to-date on the foods and beverages your employees are craving, and let people know about new products with opt-in texts and emails.

SECURITY IS OUR PRIORITY

Food should be fun, but we take security seriously. That's why all transactions are PCI-compliant and 100% secure. We assume all associated risks, including loss and theft, (which at the end of the day are usually minimal – less than 2% of sales).

FOOD SELECTION WITH INPUT FROM EMPLOYEES

Vive le democratic food selection! Most vendors get paid to stock specific brands, but CustomFresh believes in putting people first, providing exactly what your employees want. We'll take care of this for you, with periodic onsite product sampling and feedback campaigns.

FREE TO INSTALL AND OPERATE

There's absolutely no fee to adopt a CustomFresh market. We take care of everything, so you can bolster your wellness plan and provide a great benefit to employees, without adding a new line to your budget.

LAUNCH IN 30 DAYS OR LESS

Just say the word, we'll work to create the perfect market for your office and get it up-and-running within a month.
